This Rate Schedule sets forth current conditions and rates applicable to your Certificate Accounts at Central Willamette Credit Union at this time. Early withdrawal penalties may apply. The Credit Union may offer other rates or amend the rates contained in this schedule from time to time. Each account holder agrees to the terms set forth on this Rate Schedule and acknowledges that it is a part of the Membership and Account Agreement.

TRUTH-IN-SAVINGS DISCLOSURES:

Except as specifically described, the following disclosures apply to all the accounts:

- Rate Information.** The Interest Rates and Annual Percentage Yields on your accounts are set forth above. The Annual Percentage Yield is a percentage rate that reflects the total amount of interest to be paid on an account based on the Interest Rate and frequency of compounding for an annual period. The Interest Rate and Annual Percentage Yield are fixed and will be in effect for the initial term of the Account. The Annual Percentage Yield is based on an assumption that interest will remain on deposit until maturity. A withdrawal of interest will reduce earnings.
 - For the 12 and 24 month Bump Up CD, you have a one-time option to increase or "Bump-up" the APY during the original term to the current APY offered at the time of the option exercise the Bump-Up option may be exercised by the CD account holder one time during the original CD term. The "Bump-Up" APY will be effective for the remaining term of the original CD. Promotional rates are excluded from the Bump-Up option. The Annual Percentage Yield is based on an assumption that interest will remain on deposit until maturity. A withdrawal of interest will reduce the Annual Percentage Yield.
 - For the Flex 12 Certificates, the APY=Annual Percentage Yield. Above is the variable Dividend Rate and variable APY for Flex Certificate Accounts and IRA Flex Certificate Accounts. The variable Dividend Rate and APY are effective 04/1/2024 through 06/30/2024. The minimum to open a 12-month term Flex Certificate Account or IRA Flex Certificate Account and earn the stated APY is \$750. Subsequent deposits can be added at a minimum of \$2500 or more per deposit. The APY is determined by adding .25% to the 3-month Treasury Bill auction investment rate, as published in the Wall Street Journal, on or about the 26th day of the last month of each quarter. The Flex12 CD rate will be effective on the first business day of the next quarter. The dividend rate is subsequently calculated based on the indexed APY. Rate is subject to change after account opening. Fees or other conditions could reduce earnings on the account. Substantial penalty imposed for early withdrawal. All accounts are subject to the applicable terms and conditions set forth in the Truth in Savings Disclosure, Membership and Account Agreement, the Fee Schedule, and any agreement to which the Truth in Savings Disclosure and Membership and Account Agreement references.
- Compounding and Crediting.** Interest will be compounded and credited as set forth above.
- Balance Information.** The minimum balances required to open each account is \$500.00 and \$750.00 for the Flex 12. For all accounts, interest is calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period.
- Accrual of Interest.** Interest begins to accrue on cash deposits on the business day you make the deposit to your account. Interest will begin to accrue on the business day you deposit noncash items (e.g. checks) to your account.
- Transaction Limitations.** After your account is opened, you may not make additional deposits to your account.
- Maturity.** Your account will mature within the term set forth above or maturity date set forth on your Account Receipt or Renewal Notice.
- Early Withdrawal Penalty.** We may impose a penalty if you withdraw any of the principal before the maturity date. Any bonuses paid will be forfeit in the event of early principal withdrawal or account closure.
 - Amount of Penalty.** The amount of the early withdrawal penalty is a forfeiture of interest equal to one half of the original term of the accounts interest.

FEDERALLY INSURED BY NCUA

- ii. **How the Penalty Works.** The penalty is calculated as a forfeiture of part of the Interest that has been or would be earned on the account. It applies whether or not the interest has been earned. In other words, if the account has not yet earned enough interest or if the interest has already been paid, the penalty will be deducted from the principal.
 - iii. **Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:
 - a. When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.
 - b. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment; or where the account is a Keogh Plan (Keogh) provided that the depositor forfeits an amount of at least equal to the simple interest earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 70½ or becomes disabled.
- 8. Renewal Policy.** Your accounts are automatically renewable accounts. Your account will automatically renew for another term upon maturity at the rate in effect on the renewal date. Promotional term certificates will renew for a term in effect on the renewal date, renewal term not to exceed that of initial term. You have a grace period of ten (10) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty. The rate that is in effect on the renewal date of an automatically renewed certificate will be paid on that certificate if the certificate is closed within the 10 day grace period.
- 9. Nontransferable/Nonnegotiable.** Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union. The rates appearing in this Schedule are accurate and effective for Certificate Accounts as of the Effective Date indicated above. If you have any questions or require current rate information on your accounts, please call the Credit Union at the 541-928-4536 or at 1-800-950-4536.
